

How to authorize the College Opportunity Fund stipend

The College Opportunity Fund (COF), created by the Colorado Legislature, provides a stipend to eligible undergraduate students paying in-state tuition. The stipend pays a portion of total in-state tuition for eligible undergraduate students who attend a Colorado public institution or a participating private institution. Eligible undergraduate students must be admitted and enrolled at a participating institution to use the stipend for eligible undergraduate classes. The stipend is paid on a per-credit-hour basis to the institution. The credit hour amount is set annually by the General Assembly.

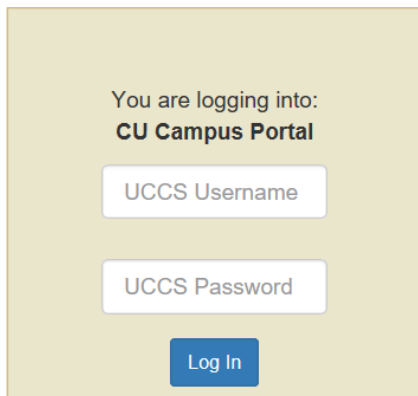

First, make sure that you've applied for COF on the College Assist website: <https://cof.college-assist.org/>
