## Introduction

This document contains all the tuition and fees assessed at UCCS. This same information can also be found on our website at <https://bursar.uccs.edu/tuition-and-fees/summer-2023>.

## COF Stipend

Undergraduate Colorado resident students are eligible to receive a College Opportunity Fund (COF) stipend from the State of Colorado to apply toward tuition costs. To receive the COF stipend, students must apply for the stipend at <https://cof.college-assist.org> AND authorize the university to request the funds EACH semester via the [MyUCCS Portal](#). For further information and restrictions please visit the [College Opportunity Fund Website](#).

**DISCLAIMER:** In the undergraduate tuition rate tables, the "Student's Share of Tuition" is calculated by subtracting the COF Stipend (credit hours times COF amount per credit hour) from the Base Tuition. The "Student's Share of Tuition" is only applicable to those students who are eligible and have authorized COF for the corresponding number of credit hours.

## Additional Disclaimers

- The Board of Regents reserves the right to change tuition and fees at any time.
- The Undergraduate Tuition and Graduate Enrollment Fee rates in the tables are rounded to the nearest dollar. Actual rates may vary by \$0.50 or less.
- The undergraduate lower division (freshmen/sophomore) rates are discounted. Plan ahead for when you become a junior. Check the undergraduate upper division (junior/senior) rates for the college/program in which you are enrolled. Costs vary depending on the college/program.
